REVEIVES 50 YEAR PIN — Pictured above is Grady Allen presenting Oxsheer Smith with a 50 year Masonic pin at an impressive ritualistic ceremony held recently by the San Andres Lodge No. 170. Smith who has been very active in the work of the lodge was honored at this outstanding and unusual presentation. This honor comes to but few men. A large delegation was on hand for the occasion.

Milam Farm Bureau Cooperating With ASC Office On Election

John A. Smith, President of the Milam County Farm Bureau received notice on July 27, 1954 from the Secretary of Agriculture that he had been selected by the Secretary to serve as a member of the Milam County Election Board to select Committeemen to administer the ASC program for Milam County.

On August 20, 1954 an election will be held to elect the Committeemen for this county. Ballots will be mailed on August 11th from the county ASC office to all elegible voters in the county whose names are on the ASC county office mailing list and must be returned to this office. Ballots returned by mail must be postmarked not later than August 19, 1954. Ballots may be returned in person not later than 5 o'clock on August 20, 1954.

Any farmer or rancher who is eligible to vote in the community election who does not receive a ballot may secure one by going to the local ASC office, located in the Dusek Building, Cameron, Texas.

This election is of vital importance to all farmers and ranchers of Milam County and Smith urges all eligible voters to be sure and fill in their ballot for these Community Committeemen. These are the men who will administer the ASC program and much study and thought has been given by the Election Board to select honest, fairminded and capable men who will administer the program in a just and fair way to each farmer and rancher, so do not fail to cast your vote for the nominee in your community who you feel will administer the ASC program in a fair and honest way.

County Court Approve Health Unit Program

The 1954-1955 budget for the Milam County Health Unit was approved by the three incorporated towns and the County Commissioner's Court. The total budget was increased from $17,640.00 to $19,360.00 or an increase of slightly less than ten percent. This budget amounts to 74 cents per capita as compared to 67 cents previously. It will be possible to make some improvements in exsisting services now with this increase in funds. This is the first step forward in a long range inprovement program for the Milam County Health Unit.

A "Searchlight on Tuberculosis" meeting was held July 6th, for the entire county. Although many invitations were sent out personally, the attendance at the meeting was small. Possibly this could be attributed to having the meeting during normal working hours and on the day after the Independence Day holiday. Nevertheless a complete picture of the tuberculosis problem in Milam County was obtained by the participants. A complete report on the tuberculosis problem will be forth coming soon.

Communicable disease cases reported during July were as follows: Gonorrhea 7, Pertussis 11, Streptococcal throat 19, Measels 7, Infectious hepatitis 2, Tuberculosis 3.

An intensive effort is being

Cameron Yoemen Will Play Five District Games

The Cameron Yoemen's first football encounter for 1954 is but one month away as the first game of the season will find the Yoes up against University Heights of Waco here on September 10.

Football practice will be under Head Coach Leo Jackson, assisted by line coach J. R. Young. Prospects for the roster will have to buckle down and exhibit some hard football in order to win when looking at the planned 1954 schedule.

This year, instead of playing four district games, the Yoe High gridders will face an additional conference foe, the Rockdale Tigers. Rockdale and Cameron clashed during the 1953 season renewing their grid classics. Rockdale was pushed up one notch and joined the larger schools. The

Registration For High School Set September 1, 2, 3

A skeleton of the 1954-55 Cameron Public Schools calendar was released Friday morning by Principal S. M. Layfield.

A more detailed list of activities and instructions of registration with the list of the public schools faculty will follow later.

On September 1, 2 and 3, high school students will register. The faculty will meet on September 4 and school will officially open on September 6.

Thanksgiving holidays are scheduled for November 25 and 26 while on December 17, school will close for the Christmas holidays. Classes will be resumed on January 3.

The first semester closes on January 21 with the Easter holidays, which fall on April 8--11 being the first holidays in the second semester. Yoe Day will be observed on May 12. On this same date, the high school junior-senior banquet and prom will be given.

May 13 has been set aside to honor the Seniors and it has been declared Senior Day.

The school term will be climaxed on May 29 and 30 when the commencement sermon and exercises will be held.

Harold C. Pickett Found Dead Near Rogers Underpass Monday

A man identified as Harold C. Pickett , 47, was found dead near the underpass on Highway 190 and 36 a mile and half south of Rogers about 7:30 p. m. Monday.

Sheriff Carl Black who made the investigation said that Pickett had been bead for several hours, probably dying sometime Monday morning. His body was found in a ditch on the west side of the underpass by a night watchman at the Veterans Package Store just this side of the Bell County line.

Black reported that Judge B. G. Rice made the inquest and that death was possibly due to a heart attack. Pickett had been a patient at the McCloskey hospital for sometime but had recently been released. He was seen in the area near the package store late Sunday afternoon. The night watchman checked the area where he last saw Pickett Sunday and discovered his body.

Graveside services were conducted by Rev. John Solomon Wednesday, at 5:30 p. m. at the Oak Hill Cemetery, with Marek-Burns directing arrangements.

Survivors include one sister, Mrs. Eckie Miller of Hempstead.

Rev. Leo H. Simon To Head Drive In County For World Food Relief

The Rev. Leo H. Simon, pastor of St. John Lutheran Church in Thorndale (Detmold) has received notice of his appointment to serve as county chairman of Milam County for the All Lutheran Food Appeal in 1954. The All Lutheran Food Appeal is sponsored by Lutheran World Relief of the National Lutheran Council with the cooperation of the Board of World Relief of the Lutheran Church-Missouri Synod, and is a program in which farmers are asked to give of the fruit of their fields to help feed famished persons in hunger areas of the world.

The appeal will be conducted here following the corn harvest, Rev Simon stated, and the food will be shipped to famished persons in Europe and Asia where it will be distributed to those who need it most by personnel of the churches without regard for profession of faith, race or political affiliation.

The food will be distributed solely on the basis of greatest need. Since the close of World War II, Lutheran World Relief has sent material aid with a cash valuation of more than $34 million to 26 counties and areas of the world. When the appeal here is organized, volunteer truck drivers will visit the farmers for their gift of corn. We hope to gather at least a carload of shelled corn in our county, the Rev. Simon stated. The All Lutheran Food Appeal will be conducted in the total agriculture areas of the United States where there is sufficient Lutheran membership to make this program possible.

Robert Lehman of Buckholts is vice-chairman for Milam County. Willie Glaser is chairman and W. E. Backhusen is vice-chairman of the Buckholts congregation; Gerhard Bior is chairman and Gerhard Menzel is vice-chairman of St. Paul Church in Thorndale; W. Lange is chairman and Christian Goetz is vice-chairman of the Detmold congregation. The Sharp congregation is also represented.

The in-gathering is to be made on Monday, August 16. Corn is to brought to the Rodenbeck Elevator in Thorndale. Other contributions of corn or cash will be brought to the Rodenbeck Ele-

Bond Issues Approved By Attorney's Office

Attorney General John Ben Sheppard has announced the approval by his office of two nearby bond issues as follows:

Emergency March of Dimes To Be Conducted in County August 16-31

It's a matter of days before the critical Emergency March of Dimes sweeps the country. There is just time to arrange additional plans and events before the big drive moves in on Milam County, Jack Tumlinson, Chairman of the Milam County Chapter of the National Foundation for Infantile Paralysis, stated.

....During the spring of this year, Gallup Poll reporters asked adults across the country whether they had heard or read about the new polio vaccine. The reporters found that ninety percent of the men and women interviewed knaw something about the test.

These figures indicate that the American public - in overwhelming numbers - are aware of the National Foundation's Polio Prevention Program and feel that the NFIP program will prove successful.

Now, when the American people and citizens of Milam County are approached this month to raise funds urgently needed to carry forward the fight against polio, it is known that nine out of ten people will know whiat it is for.

A small contribution to the Emergency March of Dimes is not too much to ask of people who know and believe in the polio programs.

The American public will be asked to Play for Polio - to play for those thousands who cannot. Final prepartions are being made now to raise funds through various activities in the county, and it may be many activities that, ironically enough, many of the polio patients may never hope to enjoy.

And today volunteers and the general public here have responded to the call for help and have begun making their plans for a rousing emergency campaign that would end the grave financial threat to the fight against polio.

Everyone should realize the tremendous significance of the emergency. Polio is striking now - across the nation. It claimed more victims in the first six months

Shivers Supporters Attend Cen-Tex Campaign Meeting

A group of Cameron Shivers supporters attended the Central Texas campaign meeting at the Raleigh Hotel in Waco Tuesday afternoon.

Jack W. Prescott who has headed the 1954 campaign in this county for the governor gave a report of the Milam County election at the meeting. Prescott said he felt that it was the lack of interest in the rural areas that Shivers did not carry this county. Shivers carried Milam County by some 600 votes in the 1952 July Primary and lost by approximately the same number of votes this year.

Other men from Cameron who attended the meeting were Milton J. Schiller, E. A. Perrin, Gene Blake and O. G. Tumlinson.

Milam County Gets Recommendation For Federal Drouth Aid

Bob Abel, manager at the Cameron Chamber of Commerce received word Wednesday that the State Drouth Committee had recommended to Washington that Milam County be included in the drouth area.

Five other central Texas counties have also been recommended along with this county. They are Falls, McLennan, Hill, Limestone and Navarro. Over 20 Texas counties have already been declared eligble for the federal drouth aid.

Milam Demo Committee Urging Voters To Cast Ballots In Run-off

Ballots for the coming run-off August Primary have been delivered to the office of County Clerk, Homer Nabours. Absentee voting began Monday, August 9. Leo O'Neil who is taking care of the absentee balloting since Nabours is ill in a Temple hospital said that applications for absentee voting were coming in at his office.

The ballots are short. In Commissioners Precincts 1, 2 and 3 there are only three races with five names on the ballots. These include the race for governor, Allan Shivers, incumbent and Ralph W. Yarborough; For Associate Justice Supreme Court (Place 1), Few Brewster and Alfred F. Scott; for Judge of Court Criminal Appeals, Lloyd W. Davidson. The chairman of the State Democratic Committee, George W. Sandlin advised county chairman Max McClaren that Alan Haley of Wichita County has requested that his name be left off the run-off ballot in the race against Lloyd W. Davidson.

In Commissioners Precinct 4 seven names will apear on the ballot. This precinct includes Justice precinct 5 and 8. C. L. (Babe) Yount and R. H. McCasland are in the race for commissioner in that precinct. There were six candidates names on the ballot in the July Primary. Yount lead the ticket and McCasland ran second with 324 and 283 votes respectively.

In a recent meeting of the Milam County Executive Committee, the committee voted and instructed the chairman to go ahead with formalities necessary in holding the run-off primary on August 28. An appeal was made by the committee for every voter who went to the polls in the July Primary to be sure and return to the polls for the August run-off and cast a vote for their favorite candidates. The committee advocates this is the one and only way the average voter can have a voice in the government. Voting in the run-off primary is usually less than in the initial primary. The committee is urging every Milam voter to cast a ballot in the run-off.

Who Did What, Who Stands For What And Who Says So?

Let's take a look at the fellow who says he wants to be our next governor. It will be well worth our time to study his tactics and methods and see whether or not he's the type of man we want at the head of our state government.

Candidate Yarborough reminds this reporter very much of the one unfortunate kid in each neighborhood known as the "Tattle Tale".

We have read and heard charge after charge made against Mr. Shivers, but not a single soul has stepped forward and offered to prove a one.

Some mothers will whip their kids because a tattle tale says they did something wrong, but most mothers want to make sure the wrong was really done before the spanking begins.

Some people in the state of Texas will vote against Mr. Shivers because Candidate "Tattle Tale" Yarborough says he's been a bad boy, but the majority will want to see some proof.

One of the most interesting facts of the first primary was the vote in Candidate Yarborough's own neighborhood box. Why would a man's own neighbors vote three to one against him?

There have been many theories on why this happened, but we think the answer is very simple. Outside of his own family, who could know a man better than his neighbors?

The old addage of "a man is known by the company he keeps" certainly held true in this case. Candidate "Tattle Tale" Yarborough's neighbors had a good look at who came and went from his home. And they didn't like what they saw.

The man who held the gavel at the first organizational meeting of Yarborough supporters after the first primary was one Mr. Creekmore Fath. Mr. Fath was one of Henry Wallace's most staunch supporters and hardest workers in Texas during his camgaign for president under the banner of the progressive party.

When his supporters saw who was one of the big guns behind the Yarborough for Governor movement, 21 of them walked out of the meeting and straight over to the Shivers camp.

This is why Candidate Yarborough's neighbors voted 3-1 against him. As neighbors, they were able to see long before the general public what type of people would influence Judge Yarborough if he were elected to the office of Governor.

Vote! Vote! Vote

The second Primary's Election Day - is the individual voter's day. And no one can tell him how to cast his ballot.

One single vote - yours or your neighbor's - can mean all the difference. That lone ballot may look pale against a million or so others. But you, or a handful like you, can swing an election either way.

It's happened before. Look at the record for that magic one vote:

A proposed amendment to the Texas Constitution providing state officials with a pay raise will be up before the state's citizens in November. It passed in the Legislature by one vote.

Three presidents - Thomas Jefferson, Rutherford B. Hayes and the second Adams - were elected by one vote.

The man who cast the deciding vote for Hayes had been elected to Congress from Indiana by one vote - and that one cast by a man who demanded to be taken from his sick bed to the polls. (Sick Texans can vote absentee.)

A second proposed amendment to the Constitution which voters will pass on in November passed by one vote in the Senate, one in the House.

World War II's draft legislation - with the fate of civilization swinging in the balance - passed the national House by one vote.

Your one vote is the single most powerful instrument for democracy in Texas August 28.

Mr. and Mrs. Louis Gohmert visited in the home of G. W. Buller of Brookshire recently.

Burlington Baptist Hold Bible School

The Burlington Baptist Church has just completed a very successful vacation Bible school with Henry Davenport, Jr., senior ministerial study at Baylor University, in charge. He is the son of Mr. and Mrs. Henry Davenport, Sr., of Rosebud.

Rev. Lewis W. Newman, pastor, said that the total enrollment of the school was 50 with 96 percent attending daily. He stated that the mission offering by the children was sent to Baham Mission.

In connection with the Bible school, a former pastor, S. R. McClung led the church in revival. Rev. McClung was pastor of many of the Central Texas churches in the early days of his ministry. Since his retirement, he is at home in Brownwood.

Rail Service To Be Reduced

Most towns between Houston and Dallas on the Texas and New Orleans railroad line, including Mexia, Groesbeck, Calvert, Hearne, and Bryan, will lose half of their passenger service when a ruling made yesterday by the Texas Railroad Commission is put into effect.

The commission has approved the discontinuance of Trains 15 and 16 which have run from Houston to Dallas every day. Only one train each way will continue passenger service service to those cities now.

The trains being discontinued were day-time locals which left Houston and Dallas about 8 a. m. respectively.

Streamliner service which provides passenger service to College Station and Hearne only in this area will continue.

From where I sit ... *by* Joe Marsh

"Nothing to Sneeze At"

This year our town decided to do something about its hay-fever sufferers. Hap Thomas is our health officer, so he was made ragweed "inspector."

"Can't see why anybody should be bothered by a few weeds," he snorted. "I say it's all in their minds." But Hap went on out to do his job.

Then, yesterday, I met Hap—looking kind of sheepish. His eyes were red and as he took out a big handkerchief, he sneezed. "Know somebody who isn't allergic, who'd like a job?" asks Hap.

From where I sit, I can sympathize with Hap. It's no joke. But as Hap admitted later, he was dead wrong in scoffing at the idea of hay fever. Making light of other people's ideas and opinions is a familiar trouble with a lot of folks. Whether it's hay fever, football or a choice of, say, buttermilk or beer as a thirst-quencher, I'm just naturally "allergic" to anybody who "knows-it-all"!

"My Kitchen is much Cooler.. now that I cook ELECTRIC!"

My kitchen stays degrees cooler since I started cooking electrically! The reasons: the oven of an electric range is heavily insulated to keep practically all heat *inside* where it should be. In surface cooking, the heat is in direct contact with the pan and is transferred right to the food. Summertime or *any* time, electric cooking's wonderful. So economical, too! The oven cooks with current off more than 1/2 the time! Enjoy cool electric cooking. See your dealer for a new electric range.

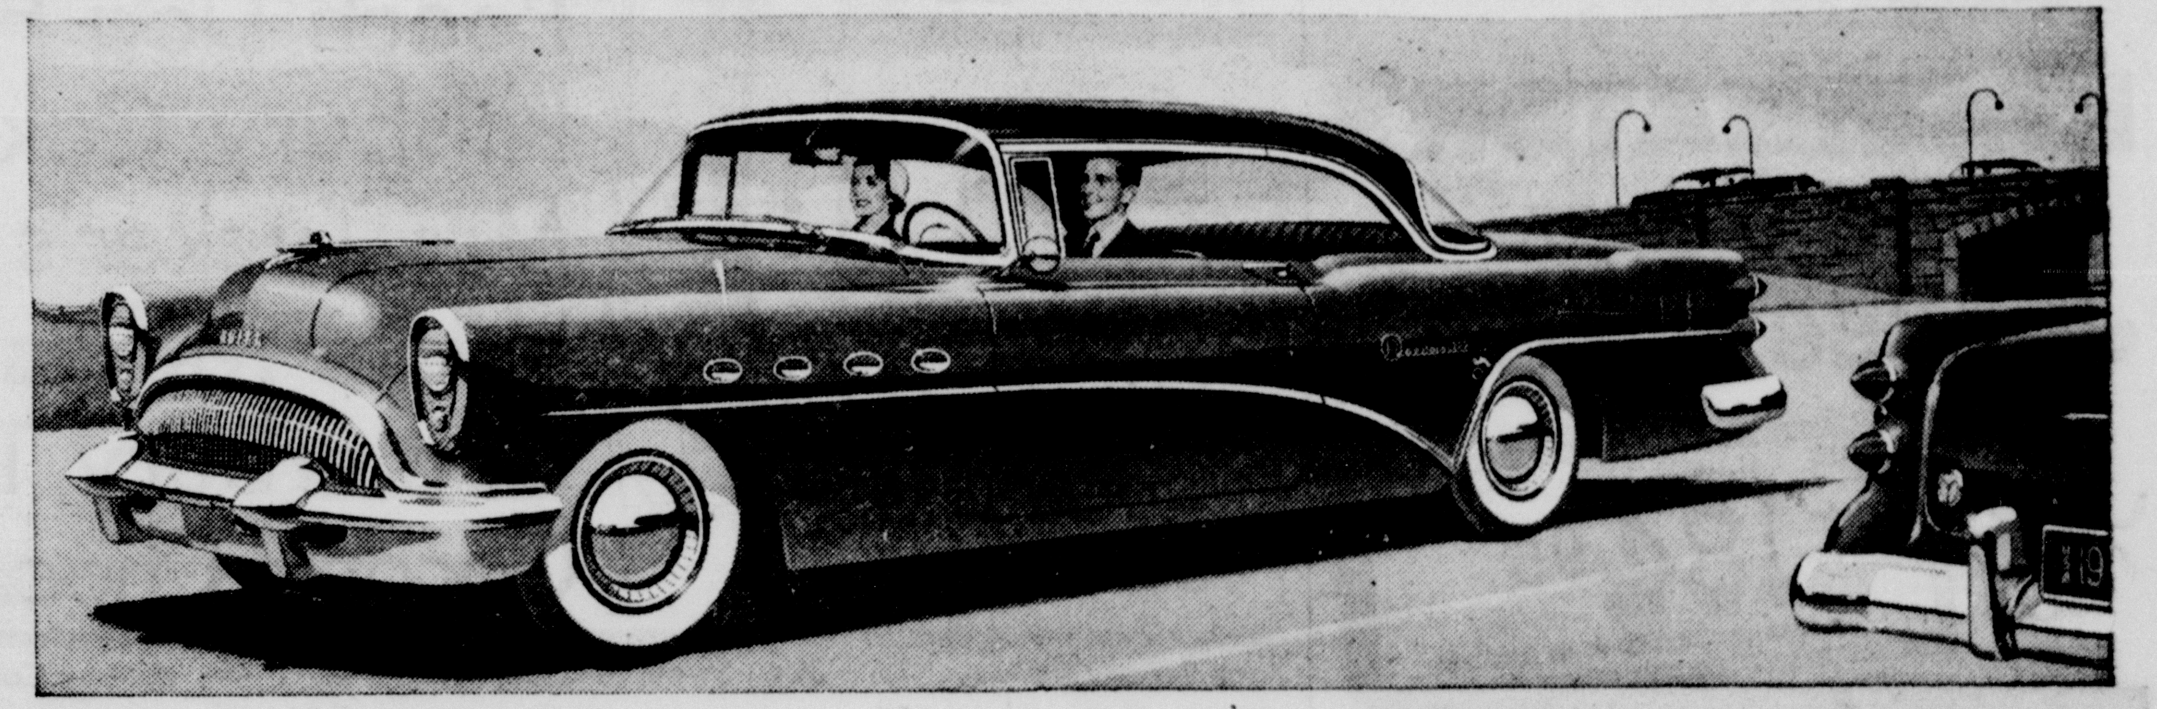
TEXAS POWER AND LIGHT COMPANY



The hit that's changing the sales standings puts you way ahead 3 ways

This year Buick has done what no other car has done in more than a generation.

This year Buick has moved into the lofty circle of America's three top sales leaders – a circle once dominated *only* by the so-called "low-price three." *For today, Buick is outselling all other cars in the nation except* two *of these "low-price three."* And each new month's sales figures strengthen Buick's new sales leadership.

You can't do better – if you want the best buy for your new-car money – than to look into the soaring success that is Buick today. You'll find this glamorous new-day beauty puts you way ahead in three important ways—that's for sure. So drop in on us—tomorrow at the latest—and see for yourself that Buick is the buy of the year, hands down.

1. More new car for your money

Buick prices start close to the lowest—just a few dollars above those of the traditional "low-price three." But those few more dollars for a Buick get you a lot more automobile — more room, more comfort, more V8 power, more ride steadiness, more solid durability—plus the advanced "tomorrow" styling that has taken the country by storm.

2. More money for your present car

With our great and growing sales volume, we can offer you a bigger trade-in allowance on your present car when you buy a new Buick. After all, the more new cars we sell, the better deal we can make with you. So you get the benefit of our great success in the form of a higher trade-in allowance.

3. More dollars when you trade

Because Buick's broad panoramic windshield has started a whole new styling trend, you can be sure that today's Buick will keep its modern look for years to come. So you are assured of a higher resale figure when you trade it in later on.

Come see for yourself why — Buick Sales are Soaring!

Shivers Presents Views on Teachers, Segregation, Water

AMARILLO - In bold, clear tones Governor Allan Shivers emphasized this week his views on segregation, school teachers, public schools and water in his runoff campaign for re-election.

Texas' number one problem, water, can not be solved with the building of large dams alone, the governor declared.

"Of course my opponent", Governor Shivers said, "has not been keeping up with what the people of Texas are doing. He has been announcing his own private programs lately - a program to build 50 big dams during the next two years. That would be 150 fewer dams than we are working on now.

"Why does he want to cut back on our program?" The answer is simple. He wants to use big dams as political plums. He wants to make them hard to get so that if you need one, you will have to vote for him.

"We can solve our water problem if we work together - if we keep cheap politics out of the picture. We can not solve it if we make dams into political prizes to be awarded only to those who cast their votes for a candidate for public office".

Upon the critical school issue before Texas parents and their children the Governor said: "Here in Texas we have done more for public education during the past few years than was done during the whole century before that. You through your PTA's, school boards and civic organizations, ave carried a big part of the load.

"Just as we seemed to be nearing our goals the Supreme Court of the United States created for us the greatest educational problem Texans have yet faced. The court told us our schools must be run the way outsiders want them run. The court has decreed that in our schools white children and negro children must be mixed. You and I know that won't work.

"We want to see the negro school children of Texas have good schools, good teachers, good educational standards. During my administration we have spent 50 million dollars building 2,250 new class rooms for negroes. We have employed some 1,500 more negro men and women to teach negro school children and have increased their salaries to an average of $3,736 - that is $1,200 more than the average prevailing when I became governor."

Governor Shivers also said that when the last legislature voted a $600 base pay increase for teachers but did not pass a revenue bill to implement it, the bill never reached his desk, "Under the Texas constitution, any spending bill must be approved by the comptroller. The comptroller could not approve the pay raise because there was not enough money on hand to pay the cost" he declared.

The Governor then cited how after the legislature adjourned, he and the Texas State Teachers Association named a committee which worked for many months on the problem. When it came up with a workable program, Shivers called a special session which gave the teachers a $42 a year raise - one that the comptroller could certify because funds for that amount were available.

Railway Express Agency Serving As CARE Donor Centers

Acording (to official figures relayed by CARE representatives on the scene in war-torn Indo-China, there are 200,000 homeless refugees (including 60,000 children under 14) in settlements around the Saigon area. Many more are expected from above the 17th parallel and all urgently need help G. Davis, Agent of Railway Express Agency, who is a volunteer CARE agent in this area reported today.

Vice President Richard M. Nixon's recent personal appeal called upon Americans to strengthen world freedom by supporting this worthwhile activity to help bring relief aid to war refugees in French Indo-China.

"The hungry must be fed. The ragged must be clothed. The homeless must be given a chance to establish new lives as free men," the Vice President declared.

" . . . The fight against world communism is a battle of ideas as much as strength," Nixon continued.

Funds contributed to the CARE campaign will provide packages of food, clothing, textiles and other needed supplies for families who have fled to southern Vietnam from areas now ceded to the communists under the truce agreement.

Davis said that Railway Express Agency officers in principal cities have been serving as CARE donor centers since February 1st of this year, and will be glad to furnish Care information and accept and contributions for this important campaign.

Thorndale Plans Dam Construction; Cost, $21,899.00

THORNDALE, — A new dam to cost $21,889 will be started within two weeks, Mayor M. A. Cornelius said Sunday.

The new dam and lake will add 40 million gallons of water to the present reservoir's 10 million-gallon capacity, Marvin Turner of Austin, consulting engineer on the project, said.

The dam is part of a $77,400 municipal improvement program. Some $26,205 will be used for the water system and for a new line between the old and new lakes and $29,305 for street improvements.

Irvin Tells Lions About Cameron's Tennis Prospects

"Cameron can have a strong tennis team, if the youngsters are given the proper encouragement".

This was the main point brought out in Scott Irvin's speach to the Cameron Lions Club during their Regular weekly luncheon at the Christian Church basement.

Irvin, who is a ministerial student and in Cameron this summer assisting Rev. Jim McKeown at the Episcopal Church, has been assisting Coach Leo Jackson with the Summer Recreation Program here. Irvin had charge of the tennis players and conducted a tennis tournament at the courts recently.

Irvin, who was a star player on the varsity tennis team while in college, took the youngsters and taught them the fundamentals of the game and later taught them to use the skills and talents of a perfect tennis player.

He said Cameron schools had some bright prospects if they were given a good chance.One item is that the tennis players needed someone on the school faculty, who is well experienced, to teach the game and encourage them on higher skills.

Tennis is an important sport and should be emphasized just as much as any other sport such as football, basketball or baseball.

Irvin gave the Lions a good point on the sport and what chance the youngsters would have in school competition.

Temperature Climbs Over Weekend; 101 Reported For Sunday

Temperatures here over the weekend climbed back into the 100 degree or more mark. Official reports from the Cameron Water Department disclosed that the 100 mark was reached Saturday with a low of 73 that morning.

Sunday the heat moved up one more degree to 101. The low for the day was 75. Temperatures were generally high over the state with Dallas reporting 106 Saturday and 100 Sunday. A cool front that moved into the Panhandle Saturday brought rain and showers to that area, some amounting up to 2 inches in some sections. The Dallas-Fort Worth area reported showers

Doris Pilling Becomes Bride Of David French in Church Ceremony

In a double ring ceremony Saturday evening in Hope Lutheran Church, Buckholts, Miss Doris Pilling became the bride of David Preston French. The Reverand John A. Pietch officiated.

Parents of the couple are Mr. and Mrs. Henry Pilling of Cameron and Mr. and Mrs. George French of Dallas.

Music for the wedding was presented by Mrs. John Pietch. The bride was given in marriage by her father.

The bride wore a white dress designed with princess lines. Her accessories were navy blue and white. She carried a white Bible topped with an orchid and stephanotis.

Miss Adele Pilling and Glen Humphrey attended the couple. Ushers were Brooks Kalmbach and George French, Jr.

The reception was given in the Church Educational Building. Assisting in the house party were Mrs. J. H. Jungmann, Mrs. Brooks Kalmbach, Misses Gladys Dworsky, Hilda Pilling, and Mary Ann Pilling.

The bride is a graduate of Scott and White Professional School of Nursing and has been on the staff of McCloskey's Veterans Hospital, Temple.

The bridegroom attended public school in Dallas and served in the Army overseas during the Korean conflict. He is employed by Western Electric Company.

The newlyweds will reside in Dallas after a short wedding trip to Eagle Mountain.

Shower Honors Bride-Elect Of Craig Magee

Mrs. Bill Thweatt honored Miss Joyce Mullinax, bride-elect of Craig Magee of Milano, with a miscellaneous shower on Tuesday evening.

The shower was held on the lawn at the Thweatt home. The refreshment table was decorated in gayly colors. Mrs. Roy Newton presided at the bride-elects book and registered some thirty guests.

Misses Marilee Hughen and LaVerne Thweatt alternated at the punch service. Sandwiches, cake squares and mints were served.

The honoree was the receipient of many beautiful gifts.

August Bride-Elects Complimented At Tuesday Party

A Coke Party Tuesday night honored Misses Betsy Caperton and Charlotte Collins. The party given by Miss LaVerne Michalka and Mrs. Eugene Smitherman at the latter's home, honoring the two August bride-elects, was attended by a number of the honorees' friends.

The group enjoyed games after which the hostess served Cokes and a snack from a lace covered dining table.

Attending were the following: the honorees, Misses Caperton and Collins, and Misses Jane Henderson, LuWane Asher, LaVerne Dodson, Beverly Freeman, Martha Collins, Lynn Lewis, Mary Hensley, Diedra Denson, Sara Esslinger, Ann Karnowski, Virginia Graham, Ann Bradbury, Kate McLane, Martha Beard of Hillsboro, Mrs. Evelyn Young and the hostess, Mrs. Smitherman and Miss Michalka.

The bride-elects were presented with a piece of their chosen pottery at the close of the evening.

Miss Ann Bradbury Fetes August Brides At Lawn Supper

Approximately twenty guests were present at the chicken spaghetti supper honoring two August bride-elects, Misses Betsy Caperton and Charlotte Collins. Miss Ann Bradbury was hostess at the supper given on the lawn of the C. W. Bradbury residence Wednesday evening.

Individual tables, covered with cloths, were placed about the yard. Following the serving of the bride-elects and their mothers, Mrs. Narvie Caperton and Mrs. Inez Collins, who were special guests, the other guests were served buffet style.

A menu of chicken spaghetti, tossed salad, pickled peaches, hot bread, iced tea and cake was served.

Each guest brought two favorite receipts which were placed in a box and given to Betsy and Charlotte. Miss Bradbury also presented Miss Collins with two pieces of her chosen crystal while Miss Caperton received a piece of her chosen pottery.

Guests attending were Norinne Holder, Jane Henderson, Lynn Lewis, Virginia Graham, Martha Beard of Hillsboro, Beverly Freeman, LaVerne Michalka, Ann Karnowski, Sara Esslinger, Mary Hensley, Kate McLane, Martha Collins, Jeanette Shultz of Dickinson, Nancy Grabein, Jean Bradbury, Mrs. Eugene Smitherman, Diedra Denson, Lu Wane Asher, the honorees and their mothers.

Assisting Miss Bradbury with hospitilities was her mother, Mrs. C. W. Bradbury.

Attendants For Caperton-Logan Wedding Revealed

Miss Betsy Caperton, the bride-elect of Alton Logan, complimented her attendants at a dinner given at the Narvie Caperton home Thursday evening beginning at seven o'clock.

The serving table was covered with a white cutwork cloth and centered with an arrangement of red sweetheart roses. Gifts from the bride-to-be to her attendants were placed around the center piece.

The menu, which was served buffet style, included baked ham, potato salad, creamed peas, hot rolls, stuffed celery, olive, pickles, iced tea and strawberry shortcake.

Miss Caperton announced that Miss LaVerne Michalka will be her maid of honor. Bridesmaids will be Mrs. Eugene Smitherman, Miss Diedra Denson and Miss Bobbie Woods of Baytown.

The groom has chosen Ray Thompson as his bestman. Groomsmen will be Eugene Smitherman, Nathan Offield and Charles Hart of Baytown.

Members of the house party includes Miss Ann Bradbury, Mrs. Porter Young, Mrs. Don Humble and Miss Patsy Michalka.

The young couple will be married at 7:30 Friday evening, August 20 at the First Baptist Church of Cameron. Performing the nuptial rites will be the bride's grandfather, the Rev. P. L. Caperton.

Each day polio victims look to the March of Dimes for financial help.

Price Family Reunion August 8

The Price family reunion will be held at the Cameron City Park on Sunday August 8.

A dinner will be served during the noon hour. Everyone is asked to bring a picnic lunch and enjoy the fun during the day.

Henderson Thompson has just recently concluded a two week's vacation. He visited his brother and family, Mr. and Mrs. Lloyd Mitchell of Houston for a number of days, and for the rest of the week visited in his sister's home, Mr. and Mrs. John Blasienz of Bryan.

Senate Joint Resolution No. 4

proposing an amendment to the Constitution of the State of Texas to provide a four year term of office for elective district, county and precinct offices; staggering the terms of such offices by having certain holders of such offices be elected for terms of varying length in the November, 1954 general election; and providing for the necessary proclamation and election.

Be It Resolved By The Legislature Of The State Of Texas

Section 1. That Section 9 of Article V of the Constitution of the State of Texas be amended so as to read as follows:

"**Section 9.** There shall be a Clerk for the District Court of each county who shall be elected by the qualified voters for State and county officers, and who shall hold his office for four years, subject to removal by information or by indictment of a grand jury, and conviction of a petit jury. In case of vacancy, the Judge of the District Court shall have the power to appoint a Clerk, who shall hold until the office can be filled by election."

Sec. 2. That Section 15 of Article V of the Constitution of the State of Texas be amended so as to read as follows:

"**Section 15** There shall be established in each county in this State a County Court, which shall be a court of record; and there shall be elected in each county by the qualified voters, a County Judge, who shall be well informed in the law of the State; shall be a conservator of the peace, and shall hold his office for four years, and until his successor shall be elected and qualified. He shall receive as compensation for his services such fees and perquisites as may be prescribed by law."

Sec. 3. That Section 18 of Article V of the Constitution of the State of Texas be amended so as to read as follows:

"**Section 18.** Each organized county in the State now or hereafter existing, shall be divided from time to time, for the convenience of the people, into precincts, not less than four and not more than eight. Divisions shall be made by the Commissioners Court provided for by this Constitution. In each such precinct there shall be elected one Justice of the Peace and one Constable, each of whom shall hold his office for four years and until his successor shall be elected and qualified; provided that in any precinct in which there may be a city of 8,000 or more inhabitants, there shall be elected two Justices of the Peace. Each county shall in like manner be divided into four commissioners precincts in each of which there shall be elected by the qualified voters thereof one County Commissioner, who shall hold his office for four years and until his successor shall be elected and qualified. The County Commissioners so chosen, with the County Judge as presiding officer, shall, compose the County Commissioners Court, which shall exercise such powers and jurisdiction over all county business, as is conferred by this Constitution and the laws of the State, or as may be hereafter prescribed."

Sec. 4 That Section 20 of Article V of the Constitution of the State of Texas be amended so as to read as follows:

"**Section 20.** There shall be elected for each county, by the qualified voters, a County Clerk, who shall hold his office for four years, who shall be clerk of the County and Commissioners Courts and recorder of the county, whose duties, perquisites and fees of office shall be prescribed by the Legislature, and a vacancy in whose office shall be filled by the Commissioners Court, until the next general election; provided, that in counties having a population of less than 8,000 persons there may be an election of a single Clerk, who shall perform the duties of District and County Clerks."

"**Section 5.** That Section 21 of Article V of the Constitution of the State of Texas be amended so as to read as follows:

"**Section 21.** A County Attorney, for counties in which there is not a resident Criminal District Attorney, shall be elected by the qualified voters of each county, who shall be commissioned by the Governor, and hold his office for the term of four years. In case of vacancy the Commissioners Court of the county shall have the power to appoint a County Attorney until the next general election. The County Attorneys shall represent the State in all cases in the District and inferior courts in their respective counties; but if any county shall be included in a district in which there shall be a District Attorney, the respective duties of District Attorneys and County Attorneys shall in such counties be regulated by the Legislature. The Legislature may provide for the election of District Attorneys in such districts, as may be deemed necessary, and make provision for the compensation of District Attorneys and County Attorneys. District Attorneys shall hold office for a term of four years, and until their successors have qualified."

Section 6. That Section 23 of Article V of the Constitution of the State of the Texas be amended so as to read as follows:

"**Section 23.** There shall be elected by the qualified voters of each county a Sheriff, who shall hold his office for the term of four years, whose duties and perquisites, and fees of office, shall be prescribed by the Legislature, and vacancies in whose office shall be filled by the Commissioners Court until the next general election."

"**Section 7.** That Section 14 of Article VIII of the Constitution of the State of Texas be amended so as to read as follows:

"**Section 14.** Except as provided in Section 16 of this Article, there shall be elected by the qualified voters of each county, an Assessor and Collector of Taxes who shall hold his office for four years and until his successor is elected and qualified; and such Assessor and Collector of Taxes shall perform all the duties with respect to assessing property for the purpose of taxation and of collecting taxes, as may be prescribed by the Legislature."

Section 8. That Section 16 of Article VIII of the Constitution of the State of Texas be amended so as to read as follows:

"**Section 16.** The Sheriff of each county, in addition to his other duties, shall be the Assessor and Collector of Taxes therefor; but, in counties having 10,000 or more inhabitants, to be determined by the last preceding census of the United States, an Assesor and Collector of Taxes shall be elected as provided in Section 14 of this Article, and shall hold office for four years and until his successor shall be elected and qualified."

Section 9. That Section 44 of Article XVI of the Constitution of the State of Texas be amended so as to read as follows:

"**Section 44.** The Legislature shall prescribe the duties and provide for the election by qualified voters of each county in this State, of a County Treasurer and a County Surveyor, who shall have an office at the county seat, and hold their office for four years, and until their successors are qualified; and shall have such compensation as may be provided by law."

Section 10. That Article V of the Constitution of the State of Texas be amended by adding thereto Section 30, which shall read as follows:

"**Section 30.** The Judges of all Courts of county-wide jurisdiction heretofore or hereafter created by the Legislature of this State, and all Criminal District Attorneys now or hereafter authorized by the laws of this State, shall be elected for a term of four years, and shall serve until their successors have qualified."

Section 11. That Article XVI of the Constitution of the State of Texas be amended by adding thereto Section 64, which shall read as follows:

"**Section 64.** The office of inspector of Hides and Animals, the elective district, county and precinct offices which have heretofore had terms of two years, shall hereafter have terms of four years; and the holders of such offices shall serve until their successors are qualified."

Section 12. That Article XVI of the Constitution of the State of Texas be amended by adding thereto a Section 65, which shall read as follows:

"**Section 65.** The following officers elected at the general election in November, 1954, and thereafter, shall serve for the full terms provided in this Constitution:

"(a) District Clerks; (b) County Clerks; (c) County Judges; (d) Judges of County Courts - at-Law, County Criminal Courts, County Probate Courts and County Domestic Relations Courts; (e) County Treasurers; (f) Criminal District Attorneys; (g) County Surveyors; (h) Inspectors of Hides and Animals; (i) County Commissioners for Precincts Two and Four; (j) Justices of the Peace.

"Notwithstanding other provisions of this Constitution, the following officers elected at the general election in November, 1954, shall serve only for terms of two years: (a) Sheriffs; (b) Assessors and Collectors of Taxes; (c) District Attorneys; (d) County Attorneys: (e) Public Weighers; (f) County Commissioners for Precincts One and Three; (g) Constables. At subsequent elections, such officers shall be elected for the full terms provided in this Constitution.

"In any district, county or precinct where any of the aforementioned offices is of such nature that two or more persons hold such office, with the result that candidates file for 'Place No. 1' 'Place No. 2', etc., the officers elected at the general election in November, 1954, shall serve for a term of two years if the designation of their office is an uneven number. and for a term of four years if the designation of their office is an even number. Thereafter, all such officers shall be elected for the terms provided in this Constitution."

Section 13. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at a special election to be held throughout the State on the general election day of November, A. D., 1954, at which election all ballots shall have printed thereon:

"**FOR the Constitutional Amendment** providing a four year term of office for elective district, county and precinct offices.

"**AGAINST the Constitutional Amendment** providing a four year term of office for elective district, county and precinct offices.

Section 14. The Governor shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and laws of this State.

Senate Joint Resolution No. 7

Proposing an Amendment to the Constitution of the State of Texas, amending Article III, Section 51a, providing that the Legislature shall have the power to provide assistance to and provide for the payment of same to actual bona fide citizens of Texas who are needy aged persons over the age of sixty-five (65) years, needy blind persons over the age of twenty - one (21) years, and needy children under the age of sixteen (16) years; providing for the acceptance of financial aid from the government of the United States for such assistance; providing that the payments of such assistance from State funds shall never exceed either the payments from Federal funds or a total of more than Forty-Two Million ($42,000,000.00) Dollars per year; providing for enactment of laws to make lists of recipients of aid available for inspection; providing for the necessary election, form of ballot, proclamation, and publication, and making an appropriation to defray the necessary expenses of proclamation, publication, and holding the election.

Be It Resolved By The Legislature Of The State Of Texas

Section 1. That Section 51a of Article III of the Constitution of the State of Texas, be amended and the same is hereby amended so that the same shall hereafter read as follows:

"**Section 51a.** The Legislature shall have the power, by General Laws, to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions and regulations as may by the Legislature be deemed expedient for assistance to, and for the payment of assistance to:

"(1) **Needy aged persons** who are actual bona fide citizens of Texas and who are over the age sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any State supported institution, while such inmate, or to any person who shall not have actually resided in Texas for at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one (1) year immediately preceding such application; provided that the maximum payment per month from State funds shall not be more than Twenty ($20.00) Dollars per month.

"(2) **Needy blind persons** who are actual bona fide citizens of Texas and are over the age of twenty-one (21) years; provided that no such assistance shall be paid to any inmate of any State supported institution, while such inmate, or to any person who shall not have actually resided in Texas at least five (5) year s during the nine (9) years immediately preceding the application for such assistance and continuously for one (1) year immediately preceding such application.

"(3) **Needy children** who are actual bona fide citizens of Texas and are under the age of sixteen (16) years; provided that no such assistance shall be paid on account of any child over one (1) year old who has not continuously resided in Texas for one (1) year immediately preceding the application for such assistance, or on account of any child under the age of one (1) year whose mother has not continuously resided in Texas for one (1) year immediately preceding such application.

"**The Legislature** shall have the authority to accept from the Federal Government of the United States such financial aid for the assistance of the needy aged, needy blind, and needy children as such government may offer not inconsistent with restrictions herein set forth; provided however, that the amount of such assistance out of State funds to each person assisted shall never exceed the amount so expended out of Federal funds; and provided further, that the total amount of money to be expended out of State funds for such assistance to the needy aged, needy blind, and needy children shall never exceed the sum of Forty-two Million ($42,000,000.00 Dollars per year."

Should the Legislature enact enabling laws and provide an additional appropration hereto in anticipation of the adoption of this amendment, such Acts shall not be invalid by reason of their anticipatory character.

The Legislature shall enact appropriate laws to make lists of the recipients of aid hereunder available for inspection.

Sec. 2. The foregoing Constitutional amendment shall be submitted to the qualified electors of Texas at a special election to be held throughout the State of Texas on the 2nd day of November, 1954, at which election there shall be printed on such ballot the following clause:

"**FOR the Amendment** to the Constitution giving the Legislature the power to set up a system of payments of old age assistance to those above sixty-five (65) years of age; provided that monthly payments from State funds to any one person may be in valid amounts based on need, that the maximum payment per month per person from State funds shall not be more than Twenty ($20.00) Dollars per month; giving the Legislature the power to set up a system of payments for the needy blind persons over twenty-one (21) years of age; giving the Legislature the power to set up a system of payments to the needy children under sixteen (16) years of age; providing for the expenditure of funds from the Federal government; limiting the total amount which may be expended for such assistance out of State funds; and providing conditions as to residence within the State in order to become eligible to receive assistance;" and

"**AGAINST the Amendment** to the Constitution giving the Legislature the power to set up a system of payments of old age assistnace to those above sixty-five (65) years of age; provided that monthly payments from State funds to any one person may be in valid amounts based on need, that the maximum payment per month per person from State funds shall not be more than Twenty ($20.00) Dollars per month; giving the Legislature the power to set up a system of payments for the needy blind persons over twenty-one (21) years of age; giving the Legislature the power to set up a system of payments to needy children under sixteen (16) years of age; providing for the expenditure of funds from the Federal government; limiting the total amount which may be expended for such assistance out of State funds; and providing conditions as to residence within the State in order to become eligible to receive assistance."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and the laws of the State of Texas.

National Guard Unit Training In Summer Field Manuevers

Members of Battery C., together with other units of the 649th Anti-aircraft Artillery Battalion, arrived at Fort Bliss, near El Paso, Texas, early on Monday morning, August 2, to begin their annual two weeks of National Guard summer field training.

The Guardsmen made the trip by special train from Temple. Made up of 23 Pullmans, plus baggage and kitchen cars, the long train carried all the units of the 649th from Belton, Temple, Taylor and Cameron. It pulled out of the Temple station shortly after 2 o'clock Sunday afternoon for the 600 mile trip.

Earlier Sunday morning the Guardsmen had assembled at the Armory in Cameron for the trip to Temple, which they made in their own vechicles.

The 649th's special train was met at the Fort Bliss rail stop by the Post Army band, which played while the Guardsmen left the train and boarded buses for transportation to their barracks.

The Guardsmen spent the rest of Monday getting settled in their quarters and lining up their two weeks of training, which began promptly at revielle on Tuesday morning.

The 649th Battalion's departure for the weeks' encampment brought out a good sized crowd at the Temple railroad station to see it off. Wives and children, parents and girl friends were on hand both from Temple and the other cities which have Guard units. While they waited for the order to board the train, the Guardsmen spent the last few minutes with them, gathering in little groups or strolling about the station platform, before the timt of departure came.

1954 Winter Legume Program To Be Announced Soon

The recent rains over the county have started farmers to begin making their plans for planting winter legumes this fall.

No doubt, more acres will be planted to winter legumes this fall than in several years, because cotton and peanut allotments are taking many acres out of production. Producers are urged to use this opportunity to rebuild their soil, by planting winter legumes.

The Agricultural Conservation Program will be ready to assist farmers again this year, as in past years, to carry out this needed practice.

The details regarding this year's program have not been completed but, as soon as they are, farmers will be notified.

Producers who have not requested for a practice they are planning to carry out with ACP Assistance this fall should come by the ASC Office and make their requests, as these requests must be considered by the county ASC Committee each Friday.

THE LITTLE RIVER PHILOSOPHER LOOKS OVER SURVIVAL KITS SCIENTISTS ARE WORKING ON

IN CASE OF WAR

Editor's note: The Little River Philosopher on his Johnson grass farm at Marlow takes a dim view of some atomic scientists' plans, his letter this week reveals. He's probably an authority on surviving with the least amount of effort or equipment.

Dear editar:

I read the other day in a newspaper I picked up on the highway after it fell out of a car which sideswiped another on the way to a traffic safety meeting where a bunch of atomic scientists in New Mexico, out where they make the bombs, have been working, sort of as a pasttime I guess to get their minds off their heavier work, on survival kits.

Since they know more about the effects of an atom bomb than the rest of us, naturally their minds have been turnin to thoughts of how they're gonna survive after a few of the things have been dropped,, in case they are, and I suppose they will be, as up to now I have never seen a dictator with a new weapon who sooner or later didn't get around to tryin it out.

But aside from all that, I was more interested in what these scientists thought a survival kit ought to contain, to enable them to live off the land in case civilization went up in smoke.

The main items on their list were a rifle and amunition, matches, flashlight, candles, knife, axe, needle and thread, fish hooks and lines, soap, salt, blankets and canned food.

I have read this list over carefully and I do not believe it will do the job. For example, I believe man has now reached the point where it would be impossible for him to survive without a lawnmower. Also, nowhere on the list do I find an electric refrigerator, or a can opener, or any directions for repairin a faulty parkin meter. Some races on earth might survive without these necessities, but I don't believe we could swing it in this country.

Also, I notice them scientists have included a rifle and I suppose they figure on living off game, but most of the game in this country is now confined to zoos and most zoos are in cities, which are generally considered the places where the bombs would fall. Seems to me they'd better leave room in the trunks of their cars, where they're storing their kits, for a walkin plow and a grubbin hoe, although the more I think about it, the less reason I can find for even countin on keeping their cars, unless they can refine gasoline in a tin can over a camp fire.

In fact, the more you think about this, the more items you pile up and before long you find it'd take a six-wheel trailer-truck to haul the average family's survival kit, and it seems to me it would be a little smarter and a lot easier not to have an atomic war in the first place. There aren't enough trailer-trucks to go around.

Yours faithfully,
J. A.

Shooting Rules On Mourning Doves Announced

Under new regulations announsed by Secretary of the Interior McKay use of salt to lure or entice doves within gunshot range is prohibited. Last year use of rock salt was permitted. Otherwise the new regulations are very much like those in use last year.

In Texas, the north zone consists of Val Verde, Kinney, Uvalde, Medina, Bexar, Comal, Hays, Travis, Williamson, Milam, Robertson, Leon, Houston, Cherokee, Nacogdoches and Shelby Counties and all counties west and north thereof. This area's dove shooting will open Sept. 1 and close October 10.

The south zone is the remainder of the state which has an open shooting season beginning Oct. 1 and closing Nov. 9.

The bag and possession limits in Texas are 10 and doves may be shot here legally from noon until sunset.

Game officials generally agree there are a few more mourning doves this year than last; but probably not enough more to greatly cheer the sportsman.

AS GENERAL ELECTRIC SEES IT . . .

The atom will produce power for homes in 5 to 10 years

Full-sized plants will generate electricity from atomic energy without government subsidy

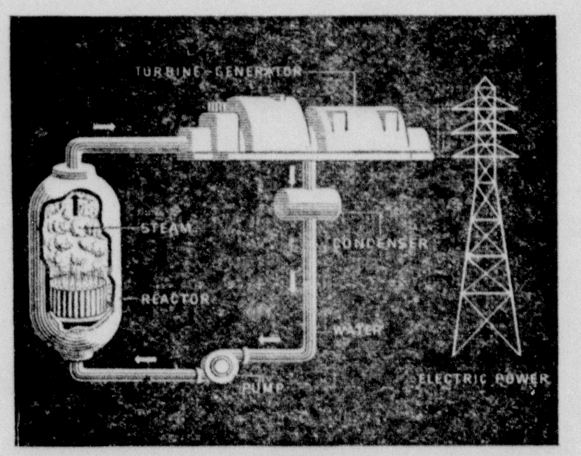
Protective plastic suit enables technicians to work safely. 12,000 G-E employees are assigned to atomic projects.

Biggest question in producing electricity with atomic energy has not been: Can it be done?—but: How can it be done *economically* on a full-scale basis so that many areas and many people can benefit?

America is now very close to a practical answer.

We already know the kinds of plants which will be feasible, how they will operate, and we can estimate what their expenses will be. In five years—certainly within ten—a number of them will be operating at about the same cost as those using coal. They will be privately financed, built without government subsidy.

Developing the right fuel element is still a problem, but the Atomic Energy Commission, General Electric scientists and other experts are all working on a solution. And real progress is being made.



Atomic power plant of type developed by A. E. C.'s Argonne National Laboratory. Fissionable material serves as fuel to produce steam which powers turbine. For more information from General Electric's Atomic Power Study, write Department W, 2-123, Schenectady, New York.

Texas 4-H Junior Training Lab Set For August 23

Texas will roundup over 100 of its top 4-H Club members when the Texas 4-H Junior Leadership Training Lab is held August 23-28 at the Bastrop State Park. Attending will be 115 4-H Club members and 50 adults.

Floyd Lynch, State 4-H Club Leader, says the purpose of the week's activities is to develop leadership qualities in 4-H Club members through actual participation of meeting together, working together, playing together - cooperating and achieving through organization and group action. It is experience of young people and adults working together.

Dr. Glen C. Dildine will present the major topic of study, "The Role of the Junior Leader."

Guiding the group in creative arts of many kinds will be Dr. Kenneth Airsman, Education Department, Ohio State University, Columbus, Ohio.

Three boys and three girls from each of the 12 Extension districts in Texas are eligible to attend. In addition, 4-H Club members from two counties with winning records from previous lab attendance will be in Bastrop.

Sponsoring the leadership lab is the United Gas Company and the Texas Agricultural Extension Service.

Rev. S. R. McClung Conducts Revival At Burlington

The revival at the Burlington Church closed this week with several additions. The baptismal service was held Sunday night.

Rev. S. R. McClung did the preaching. He is former pastor of the church and also held pastorates at the Little River and Clarkson Baptist Churches. He recently retired as an active pastor of a church near Brownwood.

H. F. Schulz directed the song services. Among the visitors for the Sunday night service included people from Barclay, Milano, Briary, Rosebud, Cameron, Ben Arnold and Little River.

Regular routine inspections of food and other establishments have been made during the month of July. A majority of places in Cameron, Rockdale, Milano, Gause and a number in the rural sections of the County. Close check has been made on proper handling of food, sterilization and other items of importance.

The Sanitarian was in conference with Mr. Kenneth C. Lauderdale, of the District Engineers Office, Houston, in regard to swimming pool sanitation and other items. The Sanitarian accompanied Mr. Lauderdale for inspections of the Cameron and Rockdale Municipal Swimming pools. Both pools were found to be in excellent condition.

Work is being continued on the supervision of installations of private water supplies and sewage facilities, especially in the farms and ranches in the area. Private water supplies are being treated continuous through the hot summer season where people have had to resort other than regular sources of water supply, during the drouth.

A number of people were bitten by dogs during the month and all dogs that have been reported to this department have been penned and are under observation. So far no one has had to take Rabies treatments.

All nuisance complaints reported to this office have been promptly investigated and corrections obtained in a majority of the cases.

New cases - added to an unprecedented 67,000 carry - over of patients from previous years - constituted an impossibly heavy burden for an orgization attempting at the same time to complete the research conquest of polio.

It was fortunate, therefore, that the nation was rallying to the National Foundation's assistance. It would take a tremendous volunteer push to implement this national interest, but all early signs indicate that whatever effort was needed would be speedily forthcoming.

The county has always responded well to campaigns in the past and it is hoped they will do so this time. Tumlinson was recently assigned chairman of the local drive, replacing Roy Griffith.

Stop Grass Fires

The citizens of Cameron are hereby asked not to burn the grass on their vacant lots, and when burning waste paper to stand by and watch same until the fire is out, during the extreme dry weather.

The month of July The Cameron Fire Dept. answered thirty seven runs, which all were grass fires except three. This is entirely too many fires, ONE FIRE IS TOO MANY. Don't let your trash and dry grass accumulate. CUT the grass and take all trash off.

If this outrageous and careless practice continues, we will have to take further steps to curb this unthoughtly situation. Merchants must not let paper accumulate or burn it in business districts. You must have waste hauled from your business.

If the taxpayers knew how much it cost the city every time the truck left the fire station, they would be more careful and see that these fire hazards are stopped. This earnest appeal is being made and your cooperation is indeed necessary. These safety precautions are for the safety of the citizens. Why not do your part. Thank you.

Flexible Price Support May Bring Depression Farm State Solons Warn

WASHINGTON, - Farm state senators warned Saturday that the nation might go into another depression if a sliding scale of farm prices supports is adopted.

The senators argued that the "danger signals" of a sagging farm economy already are present and that the rigid support program must be continued to stabilize farm prices.

With the Senate committed to a vote Monday afternoon on the issue of rigid vs. flexible supports, debate on the floor took a listless turn. The chamber was almost empty as efforts were made to get the politically potent issue on record.

Behind the scenes there was active maneuvering, with sentiment building up among administration supporters for a watering down of a modified flexible farm price support program so as to rally a few key votes Monday.

Sen. Olin D. Johnston (D-S. C.) led off the parade of speeches with a warning that failure to continue farm price supports at 90 per cent parity "may very well trigger another economic depression."

Sens. Guy M. Gillette (D-Iowa) and Edward J. Thye (R-Minn.) warned that the same "danger signals" are present today in the farm economy as were raised before the depression in the 1930s.

"If we fail to realize the flashing yellow light of today, they may well become the red light of depression tomorrow," Gillette said.

They said the reason he has split with the administration on the farm issue is because of these "danger signals," harking back to the widespread foreclosures on farms in the early 1930s. In the past nine years, he said, mortgages on farms have steadily increased from $4.76 billion in 1945 to nearly $8 billion.

Mr., Mrs. J. Shelton Celebrate 50th Wedding Anniversary

The home of Mr. and Mrs. Jasper Rome Shelton, near Buckholts, was the setting for an informal open house Saturday afternoon to mark their 50th Wedding Anniversary when aproximately 150 relatives and friends called between the hours from two to five p. m.

Granddaughters Marlene Bross, Jo Ann Dennis, Mozelle Shelton and Phyllis Shelton welcomed guests and displayed the gifts. Alternating at the Crystal punch service was Mrs. W. L. Cryer and Mrs. R. W. Dennis. Mrs. C. B. Bell and Mrs. Melvin Shelton served the cake.

An arrangement of gold colored chrysanthmums centered the refreshments table, and at one end stood the beautiful wedding cake decorated in white and yellow rose buds and topped with a miniture bride and groom.

Mrs. Shelton wore a gold colored corsage of baby chrysanthmums.

Mr. Shelton was born in Belton and moved to Milam County at the age of 10. Mrs. Shelton, the former Ada Belle Lyles is a native of Milam County. They were married in Rogers July 31, 1904 by Justice of Peace, J. P. Kerr.

Mr. Shelton is 68 and Mrs. Shelton is 66. The couple have eight children, all of whom were present. They are Kermit Shelton, Mrs. W. L. Cryer, Melvin Shelton, Mrs. C. B. Bell, Mrs. R. W. Dennis, all of Houston, Mrs. Gus Bross of Colorado and Mrs. Hiram Walker and Mrs. J. T. Shelton of Buckholts. They have 19 grandchildren and one great-grand child. Others from out of town came from Taylor, Texas City, Houston, Brady, Holland, Bartlett, Moody and California.

A continuation of the festivities honoring the couple was a mid-day meal Sunday, August 1 when fifty one family members and the pastor, Rev. Don Lilljedahl and Mrs. Lilljedahl enjoyed dinner spread family style on a long table placed under shade trees on the lawn.

Milam HD Council Meets in Rockdale Monday, July 26

The Milam County Home Demonstration Club Council met Monday July 26 in the basement of the Lutheran Church at Rockdale at 2 p. m. with good attendance.

The chairman, Mrs. Hugh Wimberly opened the meeting by having the council repeat the club prayer.

Recreation consisted of nursery rhymes sung by four in each group.

Mrs. Doss acted in the place of the secretary who was absent. She called the roll and read the minutes.

Four council officers were present and two were absent.

There were six club presidents and three council delegates present.

More Water Allocated From Ft. Hood Supply

FORT HOOD, — Killeen has been allocated an additional 200,000 gallons of water per day from the Fort Hood water supply, Maj. Gen. Hobart R. Gay, III Corps commander, announced today.

The city had been requested to keep its daily requirements below 800,000 gallons since June 23 because of the critical water shortage. Killeen will now have an allocation of 1,000,000 gallons of water daily.

The addition water was made available to Killeen because of the completion last Saturday of an emergency pipeline, connecting Belton dam and the Fort Hood filter plant. The project was under the direction of the 35th Engineer group.

While the four six-inch pipelines will supply an additional 2,000,000 gallons to supplement Fort Hood's needs, only half that amount will be available until certain mechanical difficulties in pumping have been corrected. Col. Glenn A. Webster, the III Corps engineer officer, said that the pumps were operating at full capacity but that it might require several days to ascertain if all deficiencies have been overcome.

At Fort Hood it was announced that hoses may now be used to water flowers and shrubs and that shower bathing would be increased from two to three hours.

50% better mileage–

NOT 5¢ FOR REPAIRS IN 34,400 MILES!"

Here's the typical performance record of GMC Hydra-Matic trucks as being reported from all parts of the country*

If you'd like an idea of what Hydra-Matic GMC's could do in bettering YOUR trucking operation, take a look at an actual case history.

In this instance, a wholesale baker, who supplies his entire state, put Hydra-Matic GMC's on his longest routes. In racking stop-and-go-work, they're averaging 58 delivery stops per day, 28,000 miles per year.

Here's what their carefully kept records show:

The Hydra-Matic GMC's are getting 12.2 miles to the gallon—50% more than their standard trucks.

In use now up to 34,400 miles, not a nickel has been spent on repairs for any one of them.

Brake linings, usually replaced at 25 or 30 thousand miles, are still in good shape.

Clutch replacement, usually necessary at about 16,000 miles, is completely eliminated.

And the drivers of these Hydra-Matic GMC's are the happiest, most job-contented men you'd want to employ!

Now, how about *you?* From Pickup to heavy-duty hauler, there's a Hydra-Matic GMC to better any trucking operation. Come in and let's see about yours.

Have You Thought About This ↓

Money, Money, Money . . . but who's going to pay? Good old John Q. Taxpayer, of course. Texas taxes, with Allan Shivers at the head of the state government have been held to a minimum. If Judge Ralph Yarborough does all that he says he will do if he is elected to office, the cost will average nearly $400,000,000.00 per year. Who's going to pay? Why, good old John Q., of course. And how much will it be? **DOUBLE WHAT HE'S PAYING NOW!**

Milam County 4-H Boy Produces 148 Bushels Of Corn Per Acre

Hal Lester Senkel, son of Mr. and Mrs. Edward Senkel of the Buckholts Community, retained his title as Champion Milam County corn grower for 1954, by producing 148 bushels and 54 lbs. of corn per acre on his two acre 4-H club corn demonstration plot, reports his County Agent, J. D. Moore.

This outstanding yield is nothing new to Hal Lester since he produced a yield of 137 bushels 6 lbs. of corn per acre in 1953 and 136 bushels and 8 lbs. in 1952. Mr. Senkel came in second again with a yield of 133 bushels and 31 lbs. per acre.

Hal Lesters yield came from a plot planted to Texas Hybrid no. 30. He used 200 lbs. of 16-20-0 fertilizer per acre at planting time and side-dressed with 100 lbs. of anhydrous ammonia per acre in May. The plants were spaced 10 inches apart on 40 inch rows. He irrigated the corn 4 times.

Hal Lester was State Champion last year in the Texas Hybrid Seed Corn Growers contest and received a $50 cash award. He stands a good chance to top the State again this year.

Texas Cotton Crop Estimate Down From 1953

WASHINGTON, - The Texas cotton crop was estimated today at 3,400,000 bales and that of the nation at 12,680,000.

The Agriculture Department forecast is the first of the year.

The Texas estimate is 950,000 bales smaller than last year's bumper yield. The crop this year has been grown under acreage controls and in desperate drought conditions and heat.

The crop for the national last year was 16,464,000 bales. The ten year crop average is 12,448,000 bales.

The condition of the Texas crop was estimated at 73 per cent of normal. The indicated yield was 212 pounds an acre. For the nation, the crop was estimated at 78 per cent of normal Aug. 1.

The government set its sights on a 12-million bale crop this year. An estimated 9,650,000 bale carry-over was on hand Aug. 1, much of it held by the government under price support programs.

The report said the crop matured ahead of the drought in South Texas and yields have been very good. Central and East Texas crop prospects have been trimmed sharply by the drought. The department said non-irrigated cotton in Northwest Texas has held up well but rain is needed.

By Aug. 1, the Census Bureau said 389,386 bales had been ginned, compared to 345,860 a year before.

House Approves Pay Raise For Postal Workers

WASHINGTON, The House today passed with a resounding 351-29 roll call vote an administration-opposed 7 per cent pay hike for half a million post office workers. It sets the minimum boost at $240 a year.

Quick approval came after a heavy lineup of Democrats and Republicans overrode the GOP leadership and forced the measure out of a Rules Committee pigeon-hole, where it had gathered dust for months.

The bill was backed on passage by 181 Democrats, 169 Republicans and 1 Independent. The vote against it was 23 Republicans and 6 Democrats.

Administration leaders predicted the bill will never become law in its present form. They hinted that President Eisenhower would veto it if it is not changed.

It now goes to the Senate, where House members predicted it would be amended to cut the pay boost to 5 per cent and to give civil service workers a similar increase. A separate bill giving civil service employes a 5 per cent hike has been approved by the House Post Office and Civil Service Committee but it has been bogged down in the postal pay dispute.

Jaycees Enjoy Sports, Recreation Talk By Scot Irvin

Scot Irvin was the main speaker at the Jaycee luncheon at the Cameron Country Club Monday, August 9. Scot who has assisted in the direction of the summer recreation program presented an interesting and entertaining discussion on the advantages of a recreational program.

G. I. Farmer Slated For Appearance At Farm Bureau Meeting

The Program Committee, of the Milam County Farm Bureau, in cooperation with J. D. Moore, County Agriculture Agent has made plans to bring a very successful G. I. farmer, Clinton Harbers, of West Point, Texas located in Fayette County to Cameron on Thursday night August 19th, to give a film and talk on how he has made a wonderful success on the planting of legumes on his farm.

This is a general membership meeting and all members are urged to come and invite their neighbors and friends. The program will open at 8 o'clock p. m. in the Bandshell at the City Park in Cameron. Plenty of seats where it will be airy and cool. Refreshments will be served.

Over 3,000 people have gone to Clinton Harbers' farm in the last few years to see and be told how he has accompolished the following:

1. Increased cotton yields from 116 pounds lint per acre to 738 pounds per acre and upped corn 25 bushels to 80 bushels per acre.
2. Increased organic content of soil from .8 per cent to 3.2 per cent in six years.
3. Decreased weight of soil from 127 pounds to 86 pounds per cubic foot.
4. Greatly increased water-holding capacity of soil and effectiveness of fertilizer.

acre sky high and increased value of land several times.

This is the proper time to learn about legumes and the planting and the program will be of general interest to all farmers. Plan to attend. The public is invited to attend this meeting, whether you are a Farm Bureau member or not.

Administration Wins In Controversial Farm Prop Issue

WASHINGTON, Administration forces won all major tests in the Senate Monday on the controversial farm bill.

The Senate voted 49-44 to install the principal of the flexible price support system President Eisenhower asked for farm products.

Another test came on the question of how strongly the price of dairy products must be supported.

The Senate first defeated 48-44 an effort to raise the price support on dairy products, from 75 to 80 per cent of parity, as passed by the House. Then it voted 49-43 to allow Secretary of Agriculture Benson to continue to support milk, butter, cheese and other dairy products at 75 per cent of parity.

But final passage of the farm bill was put over until Tuesday.

The Senate vote on the flexible price support system was on a compromise plan to support the basic crops-cotton, corn, wheat, rice and peanuts-at a scale ranging between 82½ to 90 per cent of parity.

Parity is a standard designed to give farmer a fair price in relation to his costs. Present law stipulates a flat 90 per cent system of supports.

The Senate range is exactly that adopted earlier by the House in a vote Eisenhower called "a great and sweeping victory."

The President originally asked for a range of 75 to 90 per cent but the chairman of the Senate Agriculture Committee, Sen Aiken (R-Vt), changed this to 80 to 90 per cent.

During his campaign for presidency of the southwest in the 1952, President Eisenhower promised the farmers 100 per cent parity.

Pvt. Denson Fuchs To Sail For Overseas Duty In Japan

Pvt. Denson Fuchs, son of Mr. and Mrs. Ernest Fuchs, Jr. left this week for Fort Lewis, Washington where he will be located for several days prior to an overseas assignment in Japan.

Pvt. Fuchs recently completed a sixteen week basic training with the U. S. Army in Anti-Aircraft Artillery with the 4th TNG. Battalion at Fort Bliss near El Paso. He has been visiting his parents here for the past three weeks.

Mr. and Mrs. Fuchs, Mr. and Mrs. Ernest Fuchs, III and sons. Ernest, Alfred and Gary, Dwight and Marrion Fuchs accompanied Pvt. Fuchs to Fort Bliss before he left for Fort Lewis. The group enjoyed a weekend visit in Mexico during Pvt. Fuch's furlough.

Farmers Advised On Cotton Poisning

Farmers who received as much as two to three inches of rain during the last rain stand a chance to make additional cotton if they control the bool weevil now. Three or four additional bools per stalk is not hard to make in August because the framework of the mature stalk is already there, J. D. Moore, local Agent said.

Due to the drouth, it took as much as two to three inches of rain to cause the stalks to react or make new growth.

Quite a lot of cotton was made in Milam county in August 1953 due to good rains and insect control. Farmers should consult the cotton insect guide and follow the reccommendations for late control.

Mrs. William Whitaker and Mrs. Jack Thompson and daughters Gail and Denise were weekend visitors in the home of Mrs. E. E. Pruett.
